

Dear Senator Pileggi,

(As a constituent), I encourage you to support prompt passage of SB 1382, which will return local control of graduation requirements to the (your school district). I trust my local district to determine graduation requirements and am firmly opposed to costly state mandated tests, such as the Keystone Exams, being used to determine a (your school district) student's eligibility for graduation.

Sincerely,

(Your name)

**Cc: Senator Mike Folmer, Majority Chair, Senate Education Committee
Senator Andrew Dinniman, Minority Chair, Senate Education Committee**
