

Keep your child's Math skills sharp over the summer with PAL!

PAL is a tool that sends quick, fun math activities straight to your phone — personalized just for your child's learning needs.

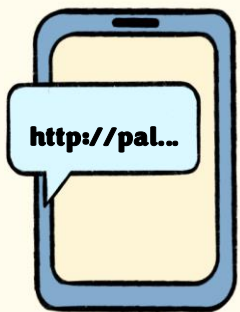

Why PAL Works

- Created by early childhood math experts
- Based on proven research and learning science
- Activities target what **your child is ready to learn**
- Grows with **your child** based on your feedback
- **Just minutes each day** builds strong math skills
- Fun activities that turn **everyday moments** into powerful learning

How PAL Works

- Quick activities sent through text message
- Click the link
- Do the activity together
- Tell PAL how the activity went (your child needed *lots of help*, *some help*, or did it *independently*)
- PAL selects the best next activity for your child
- You + PAL build the exact math skills your child needs

1. Get a text message with an activity

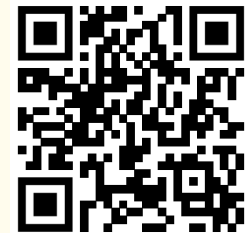

2. Do the activity with your child

3. Tell PAL how your child did

Register

Registration Successful!

Thank you for registering with PAL. You will receive messages with activities to do with your child.

Important Next Step:

You will receive a welcome text message shortly.

You must reply with "START" to that message to begin receiving activities.

Without this confirmation, you won't receive any activity messages due to messaging regulations.

Return to Home

Once you have successfully registered, you have an important next step...

You will receive a text message from PAL. You must reply with "START" to begin receiving activities.

Hi Anastasia!
Give Lavender a head start with this quick 5-minute activity:
<https://pal.guide/MjA2Mw==tm1pg>
Opt out of PAL messages by replying STOP.

Today 12:48 PM

Hello Anastasia,
Welcome to the PAL program!
Please reply with START to begin receiving activities to do with Lynn if you would like to participate.
You can reply STOP at any time to stop receiving messages from PAL.

How to Use PAL

Your **P**ersonal **A**ssistant for **L**earning Math

Hello Anastasia,
Thank you for participating in the Palm Beach Pre survey about Lynn from Early Learning Coalition of PBC. This survey should take about 15-20 mins to complete. Please complete the survey at the following link:

RESET-P (Parent) Survey
co1.qualtrics.com

1 You will receive a link to a few surveys to complete first. Your responses help us:

- Learn about math in your home
- Create better activities for you and your child

2 Once you complete the surveys, you will start receiving text messages with links to activities. Click on the Link!

Hello Anastasia,
Do you know if Lynn is ready for kindergarten math?
Click the link to find out with a short activity:
<https://pal.guide/MjA5Mg==rgOva>
Opt out of PAL messages by replying STOP.

3 The link takes you to a few activities picked just for you and your child. Choose an activity to do together.

When you are ready to try the activity, click the “DO IT NOW” now button.

4

5 When you finish the activity, DON'T FORGET to tell PAL how your child did. **Help is good – it means your child is learning. Let PAL know how much help your child needed.**

6 After you tell PAL how your child did, PAL shows you what skills your child is developing, and what skills they are ready to explore next.
