

Dear Glenolden School Families,

Welcome back to this unique start of the school year! The helping team would like to take a minute to introduce ourselves and explain some of our roles.

The helping team consists of: Amy Miller, School Social Worker; Nicole Cronin School Counselor; and Alex Harne School Psychologist. Some of the ways we may work with your children are individual counseling, small group counseling, and classroom-based counseling.

Students are welcome to request to meet with us. Students may come to our offices to talk about things that impact their learning at school such as friendships, study skills, and self-esteem. Students can feel free to discuss what worries them and ask questions.

If it is decided that your child would benefit from meeting with one of us on a regular basis for a set number of weeks or participating in a group topic, we will send home a permission slip allowing you the option to have your child participate or decline the offer.

We would like to continue being a resource for your child throughout the school year. Our goal is to help your child be successful both academically and socially.

Please feel free to contact us with any questions or concerns throughout the school year. We are looking forward to working together with you and your child!
