Dear Interboro School Community,

The District is starting a Diversity, Equity & Inclusion Team. As part of the District mission to “provide a challenging and supportive learning environment for all students,” we continue to explore ways to improve our school environment. Through the Diversity, Equity, & Inclusion Team we will expand the work that started as participants in the Delaware Valley Consortium of Excellence and Equity (DVCEE) at the University of Pennsylvania. We will look at relevant data, listen to student stories, review books read in classes, and look for opportunities to elevate the quality of education for every Interboro student.

To maintain a broad and inclusive perspective, we want to create a diverse team of individuals that represents each part of the Interboro School community:

- Students (Grades 7-12)
- School District Employees
- Parents/Guardians
- Local community members

The Diversity, Equity & Inclusion Team will focus on a few areas this Spring such as school curriculum, school-based events, and factors that lead to student success.

If you are interested in participating, please [click here](#) and complete the information form.

If you have any questions, please email me at: mark.avitabile@interborosd.org

Sincerely,

Mark Avitabile, Ed.D.

Director of STEM Education and Professional Learning
